

EQUINIX ISTANBUL DATA CENTERS

Equinix helps companies accelerate business performance by connecting them to their customers and partners inside the world's most-networked data centers. Our Istanbul data centers are business hubs for 165+ companies. Istanbul customers can choose from a broad range of network services and can also interconnect directly to customers and partners in their digital supply chain. The Equinix metro Istanbul International Business ExchangeTM (IBX®) data centers offer approximately 25,000+ square feet (2,375 square meters) of colocation space.

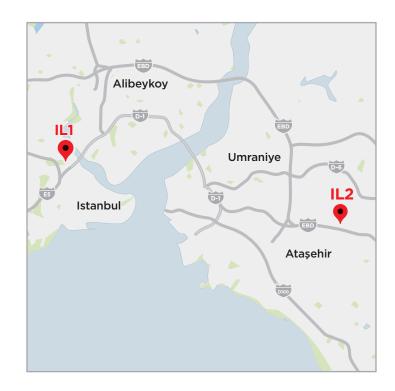

Located in the heart of Istanbul, at the crossroads of Europe and Asia, our data centers are ideally positioned to take advantage of the growing digital economy in Turkey, and offer unrivaled resilience and connectivity across Southeast Europe, Africa, Asia and the Middle East.

ISTANBUL IBX® BENEFITS

- Turkey is Europe's sixth-largest economy with a population of 80 million and is also the third-fastest-growing economy of the G20
- More than 36 million internet users; individual online usage averages 31 hours per month—second-highest in Europe
- Attracts 80% of Turkey's foreign direct investment—\$2.6B planned investment for a new financial district

Otakçılar Cad. No: 78 Kat:4, Flat Ofis Eyüp Istanbul, Turkey
