

Manchester IBX Data Center

EQUINIX MANCHESTER DATA CENTERS

Equinix helps companies accelerate business performance by connecting them to their customers and partners inside the world's most networked data centers. Our Manchester data centers are business hubs for nearly 295 companies. Manchester customers can choose from a broad range of network services and can also interconnect directly to customers and partners in their digital supply chain. The Equinix Manchester metro International Business ExchangeTM (IBX®) data centers offer approximately 80,000 square feet (7,425+ square meters) of colocation space.

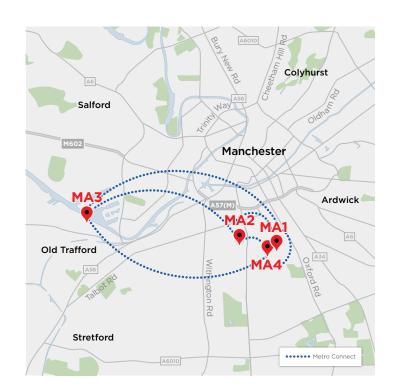

Our four Manchester colocation facilities enable customers to be part of a highly connected digital ecosystem including Equinix IX Manchester and LINX, the London Internet exchange. As a spin-off of the University of Manchester, we opened our first data center in the region in 1998. The four data centers offer a wide range of colocation options available with flexible power densities that can scale up to 20kW per rack.

MANCHESTER IBX® BENEFITS

- · Europe's second largest creative, digital and media hub
- Manchester economy features 65 of the top 100 companies in the U.K.
- Large-scale development and investment in region, including the £650m MediaCity expansion and the new BBC headquarters

Unit 4 Synergy House Manchester Science Park Guildhall Close, Manchester M15 6SY, United Kingdom

IBX TECHNICAL SPECIFICATIONS

Building

Space

Colocation Space	12,948 ft² (1,203 m²)
Building Type	2 floors
Parking	Adjacent to building (no charge)
Floor	
Floor Type	Raised
Floor Load Capacity	1,225 kg/m² (250 psf)
Flood Plain Info	Low risk
Seismic Design Category	Low
Fire Suppression	HSSD (High Sensitivity Smoke

Detection), Automatic FM200 and

Argonite, Double knock activation

Products and Services

Colocation

- Private Cage
- Secure Cabinet
- AC Power Circuits
- · Storage

Interconnection

- Equinix Cloud Exchange Fabric[™] (via Metro Port)
- · Equinix Connect
- Equinix Internet Exchange
- · Cross Connects

Services

- Smart Hands™
- Migration Planning
- · Equipment Sourcing
- Installation

Reliability

Our IBX data centers boast an industry-leading, high average uptime track record of >99.9999% globally.

Certification and Sustainability

Certifications

- · ISO 14001:2004
- · ISO 22301
- · ISO 27001
- ISO 50001
- ISO 9001:2015
- OHSAS 18001
- PCI DSS
- SOC 1 Type II
- SOC 2 Type ${\rm I\hspace{-.1em}I}$

Green By Design

- ISO 14001
- ISO 50001
- Renewable energy 100% through utility green program
