ZAYO COLOCATION

From single cabinets to complex suites, zColo's data centers have flexible space and power options to meet a wide range of infrastructure needs. Our facilities offer the highest levels of physical security and compliance and provide back-up systems for full redundancy. zColo data centers feature carrier-neutral connectivity and interconnections, which includes connections to Zayo's extensive global network and thousands of on-net buildings.

METROCONNECT

Since 2008, the Montpellier data centre has been the preferred hosting location in the Languedoc-Roussillon region. Renowned for its high availability, connectivity and energy balance, the facility meets the operational needs of even the most demanding enterprises. Montpellier is the eighth largest city of France and is also the fastest growing city in the country over the past 25 years.

SPACE AND POWER

- 510 total square metres
- 630kVA of utility power capacity
- Single custom cabinet or custom cage deployments available
- AC/DC breakered and metred power available
- 2N UPS redundancy and architecture

COOLING

- N+1 HVAC redundancy
