

EMERYVILLE PREMIER SELECT DATA CENTER

5000 HOLLIS, EMERYVILLE, CA 94608

The CenturyLink Emeryville Premier Select Data Center is located 11 miles outside of downtown San Francisco with close proximity to Oakland. Located directly on the CenturyLink Network and near multiple freeways for easy access, it provides a secure and reliable site to house business-critical equipment.

BUILDING OVERVIEW

Examinations and Assessments for Colocation

- SSAE 16

Floor System and Floor Load

- High-Density Floor: Raised floor 18 in.
- Floor Load: 125 lbs./sf

Campus Details

- Campus: Single-story building
- Parking: Free parking with 25-plus stalls
- Shipping: Street-level loading dock
- Access: 24/7 customer access
- Flood Plain: Outside, 100-year flood plain
- Seismic: Meets 1997 UBC Zone 4 standards
- Nearest Airport: Oakland International Airport
- Storage: Secure storage room

Power

- Type: AC and DC power options
- Utility: Pacific Gas and Electric
- Voltage options: AC 120V, 208V single & three phase, and 48V DC
- UPS:
 - Double-conversion
 - Isolated 2N UPS configuration delivered via redundant, diverse paths
 - A single STS 2N configuration and wraparound maintenance bypass allow UPS service without cutting power to A or B side of critical load
 - UPS Energy Storage: Battery energy storage system with maintenance bypass configuration
- Emergency Power:
 - 2N diesel generators
- Fuel Storage:
 - 36 hours of fuel
 - Onsite refueling capable during operation

Environment

- N + 1 HVAC units
- Cooling Systems: Precision cooling, roof-mounted, chilled water cooling
- Humidification: Liebert humidification system within cooling units
- Leak Detection: Rope-style leak detection

Security

- Access Control: Biometric dual-factor authentication access and anti-tailgating security vestibule
- Intrusion Detection: 24/7 central monitoring cameras

Fire Suppression

- Fire Suppression: Double-interlocked, pre-action dry pipe water suppression

Fiber Access:

- Two diverse, concrete-encased fiber entry vaults available

Fiber Carriers:

- Carrier Neutral

CenturyLink Data Center Facilities Benefits

- Direct network connectivity. Direct access to the Level 3 network in more than 45 countries, helping reduce latency and costly metro access.
- Facilities where you need them. Expand into our carrier neutral data centers with more than 350 locations in North America, Latin America and Europe.
- Solutions that meet your evolving needs. Choose from flexible space and power options, leaving the security and environmental protection systems to CenturyLink.
- Exceptional performance. Support high availability of your business' most important applications using our low latency, award-winning network connectivity—anytime, anywhere.
- Lower costs. Help reduce your total cost of ownership with our shared infrastructure, 24/7 support, holistic network solutions and multi carrier access.
- Simplified access. Easily connect to almost anywhere – Your offices, other carriers or leading cloud services: such as Amazon Web Services® and Microsoft® Azure™ – Via the CenturyLink® Cloud Connect Solutions ecosystem.

CenturyLink Field Technical Services are available at all CenturyLink sites 24/7. Our experienced technicians provide on-site network expertise where you need it and when you need it to support your business-critical communication systems. For Support, call 1-877-453-8353, Option 6.
